

Requests from Kikugawa City to Parents and Guardians

A **state of emergency** against New Coronavirus infection has been declared in Shizuoka Prefecture. **Do not leave home** as much as possible now **to protect the lives** of yourself and your family. Please continue with **self-lockdown (self-blockade)**.

◆The number of newly infected people in Kikugawa City ◆

89 people from April 2020 to July 2021

Sharp increase to 195 people in a month of August 2021!!
(32.5 times since April 2021)

The number of infected children and younger generations has increased .

◆ Our "Five Requests" that Everyone Can Do ◆

- ① Use non-woven masks* regularly, stay away 2 meters from people, and provide thorough ventilation.
- ② Do not have dinner or barbecue with a large number of people.
- ③ Do not carry out unnecessary and sudden travel and visits.
- ④ Get vaccinated to prevent infection and serious illness.
- ⑤ Even those who have been vaccinated should take thorough measures to prevent infection.

* This is not a request to force small children to wear masks.

"The only way to overcome this crisis is your "commitment and action." Thank you all for your cooperation.
